2021 Sea Slug Census Form

Location: Coffs Coast Date:

Please complete this form to the best of your ability and use wetransfer to return it with your photos by midnight 7 February to: info@surg.org.au Wetransfer is free to use for up to 2 GB of data transmission and instructions can be found here: https://www.acecloudhosting.com/knowledgebase/how-to-transfer-files-using-wetransfer/)

Please note:

- **Photos must be .jpg files**. Unfortunately we are unable to accept other file types e.g. .pdf or .png or Powerpoint files
- **IF** you have the ability to do so, it would be great if you were to process your files to have a maximum long side of 1000 pixels and save as a .jpg with maximum file size of 2 MB. This is not essential – it just makes our job easier.
- Photo cropping is not essential. I you don't have the ability to process images, just sent them 'as shot'.
- Please ensure the Photo label as listed on this form is the same as the file name. This is really important for our file handling process.
- Photos submitted to SURG after midnight on 7 February may not be considered for any competition.

Name - Participant 1	
Name - Participant 2	
Name - Participant 3	
Contact Ph. No.
